

PATRONI ECCLESiarUM

Stemmata et sigilla arcte sunt connexa, ut iam vidimus, cum patronis ecclesiarum, quorum indicem hic inserere haud inutile esse duximus. Generatim, sed nequaquam tam exclusive ac apud Cistercienses, et in Ordine nostro Beata Maria Virgo considerabatur tamquam patrona primaria, cui saepius alius patronus accedit. Qui patronus secundarius, tempore labente, interdum oblivioni est datus. Sed crebrius invenimus contrarium: quod enim secundarius ille, pluries propter reliquias insignes in ecclesiis existentes, paulatim praevaluit. Abbates in Capitulo Generali congregati, colloquendo extra sessiones, de reliquiis suis gloriantes, proculdubio tales etiam commutaverunt inter se, et sibi invicem donaverunt. Inde forsitan possumus explicare, quod reliquiae sanctorum secus parum notorum, simul extant in abbatiis longe inter se distantibus. Ita reliquias

501

Stac. Verenae invenimus in Roth et in Braine<sup>1)</sup>, S. Sabini in Grobe et in Windberg, S. Magni in Kölbick et in Schussenried, S. Saturnini in Münsterdreisen et in Medina del Campo. Interdum dein sancti isti, propter reliquias ab abbate dissito donatas, facti sunt copatroni, vel immo patroni primarii.

Multarum canoniarum, praesertim minorum, patroni ignorantur. Quorum elenchum in fine adducimus. Numerus 1. significat patronum primum, 2. secundarium.
